

# CHOOSING HIGHER LOVE AMIDST GREAT CHANGE

## A VIRTUAL COURSE

with Leslie Temple-Thurston, Brad Laughlin and the CoreLight Teachers  
February-April 2017 ♦ Sundays, 9-11am US Pacific Time

Many people are feeling shattered, shocked and confused as our world experiences massive change. We are in a period of formlessness and uncertainty, both collectively and personally, as old forms dissolve and new ones emerge. It is a time for letting go of the old, which can be emotionally challenging. It is also time for embracing and celebrating the new, which can be exciting—if we know what to look for!

The pendulum is swinging: The shadow is hitting the fan (two examples being the U.S. Presidential election and Brexit), and there are victories for the light (one example is Standing Rock). It is a time of extremes and unpredictability, as never before! This surreal quality is likely to continue for an extended period. Things are likely to get worse before they get better.

How do we cope day to day with the changes?

It is critical to practice holding a strong witness to the emotions passing through us—allowing them, naming them and letting them go. It is a perfect opportunity to process judgments, thoughts and feelings, to clear the ego and to practice choosing love.

It is a time for gathering in community, meditating together and sharing our hearts.

We are being given an extraordinary opportunity to look inside ourselves and at what's happening in our world—to open to the truth. By discovering the truth, ultimately we can awaken to universal Truth. Thus we remember who we truly are: pure awareness, love and light.

This is the ascension of human consciousness. We are moving from the paradigm of separation and polarization into a beautiful new paradigm of heart-centered consciousness.

The greatest gift we can give the world is our own awakened consciousness. When enough of us are in that state, we will manifest the changes we wish to see in the world. We will experience inner and outer peace.

This is an incredible time for change and growth!

Despite the surreal quality of life at the moment, we must remember that everything has its perfection.

Our course includes six calls with [Leslie](#) and [Brad](#), plus six optional processing calls with the CoreLight teachers. The calls with Leslie and Brad will include:

- Guidance for spiritual awakening
- Insights about how to thrive and to choose higher love amidst the changes
- Updates on the prevailing energies
- Viewing from a higher perspective what is actually happening on our beloved Earth at this momentous time
- Group discussions
- Processing
- Q&A and the opportunity to share how you feel and what you are experiencing

## PROCESSING CALLS WITH CORELIGHT TEACHERS

*Processing* is a way of clearing and healing states of negativity and limitation that keep us stuck in ego. By shining a light on these shadow aspects of consciousness, we awaken to our true, illumined and brilliant nature—which is love.

The six optional processing calls with the CoreLight teachers are a very powerful way to reconcile polarized states of consciousness, both personally and collectively, and to assist us in moving more fully into ascended states of consciousness. The Squares technique is a profound tool that Leslie brought through in her book, *The Marriage of Spirit*, for our awakening to unconditional love. Doing squares as a group multiplies the clearing and healing effect exponentially—and makes processing a lot of fun!

CoreLight teachers, Barbara Sawicki and Kellyann Conway, who are expert processors, will facilitate the processing calls.

## TUITION

The heart of CoreLight's message is about love and generosity, and that is why we offer this course on a sliding-scale basis for those who need it. The suggested tuition is \$97/month for three months, or \$291 total. If you are not able to pay this amount, you may choose your own price. Nobody will be turned away due to lack of funds.

If you can afford to give more, please do, as this will help compensate for those who cannot afford the recommended tuition price.

There is a "gift economy" birthing in the world, and we celebrate this new paradigm of heart-centered consciousness. We thank you for giving generously in support of CoreLight's important work for inner and outer peace in the world.
